

Introduction

The State Open School Council is a program run by the Government of Uttar Pradesh to promote open and distance school education. It has been established under the Uttar Pradesh State Open School Council Act, 2008 (Act No. 27 of 2008).

Under this program, school-level distance education is made available to all individuals who are unable to enroll in any regular school.

Our Mission

Our mission is to make education accessible to all individuals by promoting flexible, innovative, and learner-centric educational approaches. We strive to bridge the gap between formal education and learners who seek education beyond the conventional school system.

Our Vision

To become a leader in the field of open and distance learning, ensuring inclusive education opportunities for all learners, thereby contributing to the socio-economic development of the State of Uttar Pradesh.

Our Objectives

- To design and offer courses at Secondary and Higher Secondary levels through distance learning.
- To develop self-learning materials in print, audio, video, and digital formats.
- To offer vocational education for skill development and livelihood enhancement.
- To collaborate with State, National, and International agencies for enhancing the quality of education.
- To establish a network of study centers and regional centers for effective service delivery. For the first year 396 centres were established across Uttar Pradesh.
- To conduct examinations and certify successful learners, thereby promoting lifelong learning opportunities.

Functions & Powers

The UPSOSB holds the authority to:

- Regulate, supervise, and coordinate activities related to distance education.
- Design and develop courses of study and examination processes.
- Prescribe regulations for registration, certification, and recognition of study centers.

- Collaborate with educational institutions, agencies, and organizations for continuous improvement in the education process.
- Ensure equitable access to education for all individuals regardless of their circumstances.
- For the first year (2025-26), the exam will be conducted by UP MSP

The Uttar Pradesh State Open School Board (UPSOSB) is committed to empowering learners with education that suits their needs and pace. With our inclusive and learner-centric approach, we aim to enhance educational reach and promote holistic development for every learner.
